Lifetime Policy Terms and Conditions

YOU MUST READ THIS DOCUMENT AND THE SCHEDULE OF INSURANCE WHICH FORM AN INTEGRAL PART OF THE POLICY, TO ENSURE THIS PRODUCT MEETS YOUR DEMANDS AND NEEDS.

Welcome to VetsMediCover

We're delighted to welcome you and your pet to VetsMediCover. We know that pets aren't just animals, they are a part of the family.

VetsMediCover lifetime pet insurance is an annual policy that provides cover for veterinary treatment for injury or illness and other expenses associated with protecting your pet. The total cost for all conditions paid in one policy term cannot exceed the veterinary fee limit as stated in your Schedule of Insurance. Any amount over the limit will have to be paid by you for the remainder of the policy term.

As this a 12 month contract if your cover is renewed your pet will benefit from continuous cover for the next policy term, including costs for recurring conditions, and the full veterinary fee limit chosen will be available again. If we are unable to offer you cover, we'll give you plenty of notice to find alternative cover before your policy term ends.

It is important to note that the Policy Terms and Conditions can change over time and as VetsMediCover lifetime pet insurance can provide cover for various conditions over the life of your pet, you must be able to afford to pay for your policy each year. The policy is likely to increase in price at renewal, based on the age of your pet, claims history and other costs, such as enhancements to cover and increases in the costs of veterinary treatment. You will also need to consider that excesses may change as your pet gets older.

For example: The cost of covering a pet (based on pricing inflation in 2022) can increase between 10% - 20% each year for pets up to 10 years old, although higher increases could apply. For older pets, the renewal price could rise by 35% or more.

What do I need to do now?

1. Accessible Documents.

We can send your documents in several formats; for example, braille, large print or an MP3 audio file. If you require the documents to be in a different format, please get in touch with our Customer Care team. They'll be more than happy to sort these for you, and you can find the contact details at the bottom of this page.

2. Check and read your documents carefully.

We want to make sure that this cover is right for you and your pet. Read your documents carefully and check that all the information you've provided is correct. It's important as if your pet has been injured or suffered from an illness or clinical sign(s) in the past, there is a chance that we'll be unable to pay your claim should you ever need to make one. If you have any questions about this, please contact us.

3. How you can help us.

We've created our pet cover by listening to pet owners. We want to understand your needs and take your suggestions on board. This lets us ensure that our products are honest, friendly, and easy to understand. If you've any feedback that you feel would add, help, shape and/or improve our products, or if there is anything you don't understand, we would love to hear from you. So, if you have any questions, compliments, problems or even complaints, please contact us.

4. How to get in touch.

If you need to contact us, you'll find all of our contact information below. Make sure you keep these details somewhere safe. That way, if you ever need to get in touch, you don't need to search for them.

FirstVet

As part of your policy, you can access unlimited advice from FirstVet directly on your mobile or computer. This service is completely free and, doesn't affect your cover with us.

FirstVet is open 24 hours a day, 365 days a year.

Here are some of the things they may be able to help you with:

- Vomiting and diarrhoea
- Itching and skin problems
- Eye and ear problems
- Coughing and sneezing
- Poisoning

FirstVet can also give you advice for things not covered by your insurance; for example, preventative care. However, those appointments must be paid for by you. Please check your policy wording to find out if any recommended treatment by FirstVet is covered by your policy.

Important

If your pet is very sick or badly injured, you should always seek veterinary care immediately.

How it works

1. Download the app from <https://firstvet.com/uk/> and select 'VetsMediCover' when creating an account.
2. Register with the same email address, phone number and date of birth you use for your VetsMediCover policy.
3. Click 'My pets' - the section will be populated with your pet's details.
4. Make an appointment - select your pet, describe its symptoms and choose a time that suits you.
5. Enable notifications on your phone, to receive an alert when your vet starts the video call.
6. After the visit, a journal will be sent to you with the vet's advice and diagnosis. You'll also be sent a referral for treatment, if you need one.

Explaining Key Terms of your Policy

Lifetime Policy

It's important you understand what we mean by Lifetime. We know this can be quite confusing, which is why we want to explain exactly how our Lifetime Policy works.

This Lifetime Policy doesn't guarantee that we'll be able to provide cover for your pets' entire life.

Our Lifetime Policy is a 12-month annual contract which is subject to terms, conditions, and underwriting criteria. This 12-month period is known as the Policy Term. At the end of each policy term if we invite you to renew your cover and you decide to accept by continuing to pay your premium (either monthly or annually) the policy will be automatically renewed, unless you instruct us otherwise, and the veterinary fee limit chosen will be available again.

Occasionally, we may find as part of our annual review that we can't offer to cover your pet the following policy term. This can be for a variety of reasons as underwriting criteria and terms can change from time to time. If this ever happens, we'll be sure to notify you as soon as possible to give you time to find alternative cover before your policy term ends.

Pre-Existing Conditions

We do not cover any illness, injury or accident that your pet showed clinical signs of, having, before the policy started. This usually includes illnesses and injuries that can happen again or may appear in different parts of your pet's body.

For example, if your pet had an ear infection in the left ear before you took out your current policy, your insurance will probably not cover the cost of treatment for any future infections in either ear, regardless of whether you made a claim under a previous policy or if it's the other ear that never had the infection previously.

But a condition will cease to be a pre-existing condition if over twenty-four consecutive calendar months:

- your pet has shown no clinical signs or symptoms of the condition
- you have not consulted a vet with respect to the condition
- your pet has not received treatment for or in connection with the condition
- it is not chronic in nature, such as but not limited to these examples: a heart murmur, a fractured bone (i.e. complications resulting from the fracture); diseases such as arthritis, epilepsy, diabetes, hip dysplasia, mast cell tumours
- if it is no longer known or observed by you

For a condition to be "chronic" it does not have to happen more than once. For a condition to be chronic in nature it would need to be diagnosed with an illness or disease that has no cure or for an injury to cause permanent damage to a bone or soft tissue structure.

Condition

If your pet develops a condition in one part of their body that they've previously had in another part of their body, we'll class it as one condition.

Your pet develops, for example, a lipoma (a fatty lump) on their right leg. You'll take your pet to the vet for treatment and make a claim on your policy. Your pet then develops another lipoma on their back 6 months later. You take your pet to the vet again and make another claim. We'll consider this all as one condition.

Using this example, it's important to mention that if your pet developed the initial lipoma before your policy started, we'd consider the second lipoma as a pre-existing condition.

Fixed and Percentage Excess

For each claim you submit in a policy term, you will have to pay the fixed excess as shown in your schedule of insurance before we make any payment to you or your vet. There is an additional percentage amount required if your pet is 4 years or older for veterinary fees and complementary treatments. If your pet is between 4 and 6 years, you'll need to pay an additional 10 percent of the total claim cost.

If your pet is over 6 years (or any age for select breeds), you'll need to also pay an additional 20 percent towards each claim. The percentage due is calculated after your fixed excess has been deducted.

Please see an example below of how to calculate the amount you will need to pay in the event of a claim if both a fixed and percentage excess is payable.

Total Cost of Treatment		£1,500
Minus the payable by you excess	£90	£1,410
20% (over 6 years) amount payable	20% of £1,410 = £282	£1,128
Total outstanding we pay		£1,128
Total Paid by You	£90 + £282 = £372	

Following your vets' instructions

It's important that whenever a vet provides you with advice, you follow it. We won't pay for any condition that could have been avoided by following a vets' instruction. For example, your pet is known to be a scavenger and your vet has advised you to avoid giving or leaving any rubber toys laying around the house. However, you continue to provide access to rubber toys and your pet ends up eating one and your pet needs it to be surgically removed. We wouldn't cover the surgery to remove the object, as it could have been prevented by you taking your vets' advice.

Payment of premiums

Your pet is only covered if you pay the premium.

If you pay the annual premium by monthly direct debit instalments, the first premium instalment is payable by the date notified to you by VetsMediCover. Your remaining premium instalments are payable by you monthly in advance. You must pay the premium instalments to ensure your pet is covered under the Policy even if you are in receipt of or awaiting a claim payment.

If the first and second attempt to collect your premium instalment is unsuccessful, VetsMediCover will attempt to collect this again. If the third attempt to collect the premium instalment is also unsuccessful, you will be in full default. The termination date of your Policy will be the date that the last collected premium instalment provides cover up to.

If you decide to cancel your policy, please refer to 'Cancelling Your Policy' for full details.

SECTION A: CONTRACT OF INSURANCE

Your policy is the contract of insurance between **you** and **us**.

The following documents form the contract of insurance. Please read them and keep them safe;

- The Policy Terms and Conditions.
- The **Schedule of Insurance**
- Any changes to this insurance policy contained in notices issued by **us** at renewal.

In return for **you** paying for **your** policy, we will provide the cover shown on **your Schedule of Insurance**, subject to these Policy Terms and Conditions and notices issued at renewal.

Please refer to **your Schedule of Insurance** to confirm which sections of cover apply to **your pet**.

Please read General Conditions Which Apply To the Whole Policy and General Exclusions Which Apply To the Whole Policy.

What do I need to make you aware of?

You must take reasonable care to provide complete and accurate answers to the questions **we** ask, when **you** take out, make changes to, and renew **your** policy. Please read any assumptions carefully and confirm if they apply to **you**, **your pet** or **your** circumstances.

Please tell VetsMediCover immediately if any of the information provided by **you** changes after **you** purchase **your** policy, or if there are any changes to the information set out in **your Schedule of Insurance** at **your** renewal. **You** must also tell VetsMediCover immediately if any of the following changes take place:

- **You** change address.
- **You** change **your** bank details.
- **You** and **your pet** do not live at the **home** address **we** hold, for at least 10 months of the **policy term**.
- **You** are going to be living outside the **UK**, for more than 2 months of the **policy term** or **you** move abroad permanently.
- **Your pet** is used for security, guarding, commercial breeding, track racing, coursing or for any business, trade or profession.
- **Your pet** is neutered or spayed.
- **You** find out new information about **your pet** that was not previously made available to **you** at the start of **your** policy. For example, but not limited to, a DNA test which confirms **your pet's** breed is different to what is detailed on **your Schedule of Insurance**.

What happens with this information?

When VetsMediCover is notified of a change, **they** will tell **you** if this affects **your** insurance. For example, if **we** are able to accept the change and/or if the change results in:

1. Revised terms being applied to **your** policy, and/or
2. The price **you** need to pay for **your** policy.

What happens if I don't make you aware of these changes?

If **you** do not inform **us** about a change, it can affect any claim **you** make, or the cover **we** provide **you**.

If the information provided by **you** is not complete and accurate, **we** can;

- Revise the price **you** need to pay for **your** policy; and/or

- Cancel **your** policy; and/or
- Refuse to pay a claim; and/or
- Apply the correct terms/**excess**/price of the policy; and/or
- Exclude cover for a **pre-existing condition** or Third Party Liability.

What happens at renewal?

The benefits of this policy are reinstated each **policy term**, subject to renewal being invited and **you** paying for **your** policy, which confirms **your** acceptance of the terms offered.

It is important to note that these Policy Terms and Conditions can change over time. The price **you** pay considers factors such as **your pet's** age, claims history and **our** view of the future costs of providing cover.

You should make sure that **you** can afford to pay for **your** policy each **policy term**, as the price will increase throughout **your pet's** lifetime. For example, **your payments** may be more than double what **you** originally paid, if **your** policy is renewed each year.

If **you** find **you** are in financial difficulties during the **policy term**, please do contact VetsMediCover so that **we** can see how **we** can help **you** and **your pet**.

Each year, an annual review of **your** policy will be completed, based on the information **we** hold for both **you** and **your pet**. The renewal invitation is offered using the information held at the time it was issued. **We** can revise or withdraw renewal terms offered if new information is brought to our attention, even after **your** renewal invitation has been issued.

What changes can be made at the renewal of your policy?

At renewal, **we** can change:

- The price **you** pay, also known as the premium, and/or
- **Excesses** that **you** pay, and/or
- Policy Terms and Conditions, or
- Decline to offer a renewal invitation for the next **policy term**.

For dogs, if there has been a change in their behaviour, **we** have the right to:

- Limit or remove cover for Third Party Liability,
- Cancel **your** policy, and/or
- Advise **we** are unable to offer renewal terms.

For example (but not limited to): any **aggressive tendencies** and/or **aggressive behaviour** shown, any **incidents** where **your** dog has caused **injury** to a person or another animal, or any health **conditions** which could affect how **your** dog behaves.

VetsMediCover will always tell **you** before **your** renewal date of any changes, so **you** can consider if **your** policy still meets **your** needs or seek alternative cover elsewhere.

Your right to cancel

You have a statutory right to cancel **your** policy within 14 days from:

- The day **you** bought the policy, or

After the first 14 days of **your policy term**, **you** can still cancel **your** policy at any time. There will be no refund and **we** will require **you** to pay the remaining price of **your** pet insurance (if paid monthly) if a claim has been paid during the **policy term**.

If no claim has been paid during the **policy term** and **you** have paid the full price, a pro-rata refund will be made to **you** for the time **your pet** will not be covered.

Valid reasons include but are not limited to the following:

- Non-payment of **your** policy (including non-payment of monthly instalments).

How the maximum benefit is applied during policy term

1. The amount **we** will pay for the cost of **treatment** or **complementary treatment** is the **maximum benefit** that applies on the **treatment date**.
2. If the claim includes medication, these costs will be subject to the **maximum benefit** that applies on the **treatment date** the medication will be used.

Treatment prescribed or carried out after the policy is cancelled or expired

3. If the **treatment** has a **treatment date** that occurs after **your** policy has been cancelled or expired, it will not be covered, as the **treatment** was not provided within the **policy term**.

Excessive veterinary fee charges

4. If the **veterinary fees** or the fees charged for **complementary treatment** are higher than the fees usually charged by a general or referral practice, **we** reserve the right to request a second opinion from a **vet** that **we** choose. If the **vet we** choose does not agree with the **veterinary fees** charged **we** may decide to pay only the **veterinary fees** usually charged by a general or referral practice in a similar area.

Excessive veterinary treatment

5. If **we** consider the **veterinary treatment** or **complementary treatment your pet** receives may not be required or may be excessive when compared with the **treatment** that is normally recommended to **treat** the same **illness** or **injury** by general or referral practices, **we** reserve the right to request a second opinion from a **vet** that **we** choose. If the **vet we** choose does not agree with the **veterinary treatment** or **complementary treatment** provided, **we** may decide to pay only the cost of the **veterinary treatment** or **complementary treatment** that was necessary to **treat** the **injury** or **illness**, as advised by the **vet** from whom **we** have requested the second opinion.

6. **We** may refer **your pet's** veterinary history to another **vet** in **your** local area that **we** choose and pay for. If **we** request that **you** do so, **you** must arrange for **your pet** to be examined by this **vet**.
7. If **you** decide to take **your pet** to a different **vet** or **complementary therapist** for a second opinion because **you** are unhappy with the diagnosis or **treatment** provided, **you** must tell **us** before **you** arrange an appointment with the new **vet** or **complementary therapist**. If **you** do not, **we** will not pay any costs relating to the second opinion. If **we** request, **you** must use a **vet** or **complementary therapist we** choose. If **we** decide the diagnosis or **treatment** currently being provided is correct, **we** will not cover any costs relating to the second opinion.

Veterinary fee charges and discounts

8. It is **your** responsibility to ensure the veterinary practice or **complementary therapist** is paid within their requested time frame. If there is any additional charge(s) added to the claim due to late **payment**, **we** will deduct this from any claim due to be paid.
9. If the veterinary practice or **complementary therapist** provides a discount for paying the cost of **treatment** within a certain time frame, **you** must provide **payment** within this time frame.
